DR. PARKIN SPEAKS OF C. RHODES' IDEAS

SHOWS NEED OF HAVING BIG IDEAS ALONG WITH WEALTH.

Says That Rhodes' Scholarship Plan Is Meeting With Great Success Now.

"Get all the money you wish, but be sure to have a big idea behind it," said Dr. Geo. M. Parkin, sec'y of the Rhodes scholarship trust, in the course of his address at assembly yesterday. The point was well illustrated by reference to the life of Cecil Rhodes, whose accumulation of wealth was not for his own personal aggrandizement but was the natural consequence of a big idea—a plan whereby he might benefit the world by the results of his labors. The useless attempt of amassing wealth for the sake of wealth alone was firmly impressed upon all who heard the address.

Dr. Parkin spoke at length on the Rhodes scholarship system and the object for which it was founded. The boundless and comprehensive view with which Rhodes looked upon the world is apparent in his giving, at his own expense, all who meet the requirements an opportunity of acquiring culture and learning.

The speaker brought out the fact that there are those who would deprecate the system on account of the requirements in Greek learning that are demanded. "I would not exchange the inspiration that I derived from the study of Greek for all the wealth of the world," said Dr. Parkin, "because I have something far better than riches, which could be obtained in no other way than thru the study of Greek."

In an interview yesterday regarding the success of the Rhodes plan, Dr. Parkin stated that in time it would fully justify the idea that the founder had in view. Although the plan is yet in its infancy, all those who complete the course at Oxford, return with nothing but words of highest commendation, which is indicative of its success.

Dr. Parkin is a noted educator. He, prior to his present position, was principal of Upper Canada College of Toronto. Dr. Parkin is also an author, his best known works being "British Imperial Federation," "Around the Empire," and "The Great Dominion."

The assembly was held on Tuesday instead of Wednesday in order that Dr. Parkin might be secured as speaker. He left last evening to continue his work in other states in connection with the Rhodes scholarship examinations.

SCHOETTLE RECITAL PLEASES AUDIENCE OF MUSIC LOVERS

Rendition of Pianoforte Music is Splendid.

An appreciative audience listened to the first recital of the year given last night by the faculty of the university School of Music. It was the occasion of the first appearance of Prof. Gustav Schoettle, director of the school of music, and a large number greatly enjoyed his debut in Iowa musical circles.

The recital last night was of high merit. University audiences are considered the most critical of all but the programme furnished last evening met with the highest praise. Mr. Schoettle was delighted with the reception accorded him and responded generously to the encores.

Miss Proffitt and Mr. Barnum also delighted the audience with their selections, Miss Proffitt's rendition of "Dich theure Halle" being especially liked by the audience.

The program was as follows:

- (a) Polonaise c sharp minor, Chopin.
- (b) Polka de la Reine, Raff. Mr. Schoettle.
2. Waltzer's "Prize Song" from Wagner's Die Meistersinger. Mr. Barnum; Mrs. Barnum, accomp.
3. Aria "Dich theure Halle" Wagner. Miss Proffitt.
4. Four Etudes, Chopin. Mr. Schoettle.
5. Second Polonaise a major, Wienarowski. Mr. Barnum.
6. (a) "A Red, Red Rose" Hastings
- (b) "My little love" Hawley Miss Proffitt.
7. (a) Andante finale, Leschelsky
- (b) Nocturne, Brassin
- (c) En route, Gobard Mr. Schoettle.

Delegates To Ames.

The junior class of the pharmacy department will have at least one representative at the Ames-Iowa game next Saturday and his expenses are going to be paid. Every student in the division has an equal chance of making the trip, the delegate to be selected by lot.

Each member is to pay to the treasurer twenty-five cents which gives him the right to have his name ensconced in a hat, or other opaque receptacle. When all are in, a picked man is to reach into the mass and draw out name, the claimant of which is made donee of the money to be used for only one purpose, helping him meet his bills on the road and at the contest.

Besides the "official" delegate thus determined, others of the class may journey to Ames.

Basket Ball Men.

Capt. Hugo Ryden has called a meeting of all men who intend to try out for the basket ball team this year, for this afternoon at 4 o'clock at the armory. Captain Ryden wishes to get some idea of available candidates.

TICKETS SELL FAST; WILL MARCH ON AMES

BIG ARMY OF STUDENTS WILL TAKE THIS TRIP

Athletic Union Will Take Big Squad Itself, Up to See Iowa Battle Ames.

Up to date, about two hundred and fifty tickets have been sold from the block of five hundred sent down from Ames for the game there next Saturday. Of these, one hundred are reserved for the rooters club. The demand is expected to continue strong for the rest of the week. Seats are in great demand at Ames just now, and it is probable that those left unsold here will be sent back near the end of the week.

The demand for tickets on the special train is not keeping up with the seat sale, and this is believed to mean that many students are planning a trip by way of Des Moines or wish to stay longer than the provisions of the cut rate will allow. Many requests are coming in from alumni for reservations, and the prospects are that a large number of former Hawkeyes will be at the contest.

Plans for the trip to Ames are about completed. Coach Hawley and twenty men will leave Iowa City Friday afternoon and go to Marshalltown, where they will spend the night. This will give the men the advantage of a night's rest away from the excitement attending the approach of the game, with only a short ride in the morning.

Besides the varsity team, every man who has appeared for practice regularly will be taken on the trip. The athletic board has made arrangements to take over eighty persons on the trip. This number includes eighteen members of the freshman squad, who will be rewarded in this way for the many knocks suffered in scrimmage with the varsity; the band, which numbers thirty-four pieces, the twenty six varsity players, and various coaches, managers, and other officials. All of these, with the exception of the varsity, will go on the special train.

More scrimmage with the freshmen was the practice program last night. Utter secrecy reigned around Iowa field, and only disjointed murmurs and rumblings of the conflict floated over the walls of the athletic sanctum to tell the anxious students without what was taking place. But from the favored few who found favor in the eyes of the tireless Jimmy came the word that Hawley scowled at the efforts of his eleven and found few things to praise. The only definite piece of news obtainable indicated that but one change in the lineup is probable from that used in the Purdue game. This is at left tackle, where Ney seems to have the call over Clemons just now. Repass is not yet in good shape, but expected to be

HONOR WHERE HONOR IS DUE.

The scrubs and freshmen are to be rewarded. Two long weeks of hard knocks and defeats with no glory in return is to be recognized and the men who have helped to make the Hawkeye football team what it is are to be taken to Ames by the athletic association.

The part that these men play in Hawkeye victories cannot be estimated too highly. Without them the varsity could not obtain that scrimmage practice which is so essential to a good team. Every day they have gone out to the field and have offered

themselves up as sacrifices to Iowa's glory. They have been used as battering rams and as walls to be knocked down. They have done everything in their power to give Iowa a good team. CALL FOR FRESHMEN.

From all over the campus comes the call for more men; for new material for the various college activities. And the response is entirely inadequate to the need.

It is to the freshmen that we must turn. From the entering class must we draw the new strength to carry

on the relative activities of college life. There is much to be done and the freshmen must do it.

Freshmen get busy! Iowa needs you. Come out of your shell and do things. There is a large field open for you. Get into things and make yourself felt at Iowa. You need not complain that you don't know what to do. There are an hundred different things to which you can turn your hand. There are the freshman athletic teams, football, basket-ball, and track; the literary field offering inducements to the debater, the orator, and the declaimer; the dramatic field at Iowa is large and needs new material; the social field is large, and lastly let us put in a word for ourselves and our contemporary the Haw-Haw-Hawkeye, there is room in the journalistic field. There are rewards ahead for the ambitious and successful man besides the honor and respect of his fellows and the popularity among college men. There are goals ahead and it is your business to set out for them.

The Hon. Elihu Root, when he heard them, explained "wonderful, wonderful!"

I heard a lot more kid stories lately and some of them are pretty classy. One was about an office boy who was addicted to the use of cigarettes and to sitting in a revolving chair with his feet on the desk just outside the main office. Some of the other kids in the neighborhood, messengers and delivery boys, professed to be shocked and asked him if the boss didn't kick.

"Naw", said the foxy one; "he wants me to do dis so the bill collectors will tink he is out."

Another one tells about a little sport of 12 years who went into a store and asked for a match.

"We don't give matches away," the man replied; "we sell them."

"Aw, stop your kiddin! What do you charge for matches?"

"One cent a box."

The boy threw over a cent, took one out of the box, lit a cigarette, and threw the rest of the box back to the proprietor, saying:

"Say, you cheap skate, put this box of matches back on the shelf, and the next time a good, game sport comes in here and asks you for a match, take one out of that box, give it to him and tell him it's on me."

Nothing succeeds in business like a smile. The man who goes about his work with a cheerful expression and a pleasant word seldom fails to "get there."

We sure have the smile habit in this store. There is no room for grouches and we could not dispose of them anyhow, as we have no dissatisfied clerks and all of our customers are contented. You know this is the derby season, even better than the spring. I haven't any room for another word.

GRINNELL FACULTY PASSES INTERESTING REGULATION

Athletics Will Not be Hit On Head Suddenly.

Grinnell, Io. (Special to the Daily Iowan.)

The faculty committee on Athletics has passed an important new ruling regarding the imposing and the removal of conditions.

Heretofore a condition against an athlete became effective immediately on the day reported. This rule has in the past frequently caused an undue hardship and handicap on coach and team. In order to avoid this the rule has been modified to this extent: An athlete who is eligible, so far as conditions are concerned, three days before a game, shall be allowed to participate in that game. For example an athlete must be eligible by Wednesday noon in order to participate in a game on Saturday.

This means in other words that all conditions must be removed three days before a game, and that conditions do not bar an athlete from competition until three days from the time they are reported.

CAMPUS NOTES

The University District Dental Society will convene here on Nov. 17. This will be the first meeting of the society this year, and a very interesting program will be given. A num-

ber of prominent men from various parts of the state will be here and will take part in the program.

Dr. Henry Albert, Director of the State Bacteriological Laboratory has returned from Des Moines, where he presented his Twenty-ninth Quarterly report to the State Board of Health, on Oct. 29.

According to the report, 2,221 examinations were made in the laboratory during the quarter ending October 1st; of these 568 were for diptheria, 611 typhoid fever, 707 tuberculosis and the balance miscellaneous including examinations of water and milk suspected of being the source of typhoid infection; rabies; cerebrospinal meningitis, infantile paralysis, etc. Four patients received the pasteur treatment for the prevention of rabies during the quarter.

Fred McCutcheon, the manager of athletics at Iowa in the good old championship days, was in the city yesterday. He attended the football practice with Max Mayer. McCutcheon was one of the founders of the Daily Iowan.

Dean C. N. Gregory of the law college read a paper before the Political Science club Monday evening. It was entitled "A great Judicial Character, Justice Tawney."

Other Colleges.

Up to date between ten and fifteen men have been expelled from Ames for the year for practicing hazing. President Stanton, backed by the State Board, is determined to wipe out this practice.

Morningside is to have a fine new gymnasium. The excavation for the basement will be done at once, and the place roofed over and used for a temporary gym.

Bishop McDowell spoke at the inaugural services at Morningside last week.

The University of Missouri has instituted a novel way of advertising itself. Moving pictures of interesting college activities are to be shown throughout the state.

The Des Moines college paper, Collegium Forense, has been made a semi-monthly instead of monthly as formerly.

Grinnell has begun practice in basket ball for the interclass series.

This "fussing" is getting to be a serious proposition. Our exchanges indicate that nearly every school in the state is troubled with the same species of germ. Carlton colleges seems to be particularly opposed to the kind which tends to occupy not only the afternoon and evenings, but also monopolize the time before breakfast and the recitation periods of the forenoon.

Drake is expecting to send a cross country team to compete in the big conference which is held in Chicago

SCRIMMAGE PRACTICE DISPLEASES COACH

AMES LINE IS STRONGER HEAVIER THAN IOWA

Both Backfields Fast and Clever Exhibition of New Expected Saturday

With an unsatisfactory which brought worried looks of the coaches and of who were allowed to pass the Hawkeye team took its scrimmages before the Ames last night. No one had much about the work-out, except did not help the Hawkeyes of beating the Aggies. The set up which has worked all used, and this combination be the one which will start on Saturday. It is the same was used in the Purdue game the exception of Ney at left in place of Clemons. Another change is the substitution of Repass at left guard pass is not yet in the best condition, and if he is not fully by Saturday, he may be kept the game at the start.

With the time for the two days away, the experts in the air as ever regarding the outcome. But for the inside-Ames mishap of Saturday, the Aggies would rule strong favorites because of the defeat of Missouri. But in the tragedy on State week, Ames seems to have better of the argument.

At the same time, very will be greatly deceived by which the Aggies met Morningside. In that Morningside. That is the case of dallying too long evident on the face of the plans of the Ames coach allowance for Quarnstrom's interception of that forward when the Sioux City yan ball and raced across the goal, there was no way to game.
